

B'MORE HEALTHY B'MORE GIVING B'MORE GREEN B'MORE ORGANIC

Dear Store Manager,

I'm requesting B'more Organic protein smoothies to be carried at your store. These smoothies are unlike anything else on the shelf since they are higher in protein with no added sugar, unlike the other guys. They even donate 1% of their sales to breast cancer and MS research, so every bottle makes a difference. I shop here often and would love to be able to find these in the yogurt cooler. Thank you for considering these products in your store! Please reach out to B'more Organic directly orders@bmoreorganic.com with any questions.
